II. What does the Bible say about preparedness

- a. **Gen 5:32 & Gen 7:6; Prov 27:12; Prov 21:20; 1 Cor 16:13; 1 Thessalonians 5:6**
- b. What is to be our attitude in preparing? We prepare out of faith in Christ & His word, not out of fear of world events. We don't worry about tomorrow (Matt 5:25-34 & Psalm 20:7)
- c. Only 21% of Californians have a go-bag prepared (<https://bit.ly/3Cr7iWr>)
- d. What should be in the kit? Enough supplies to sustain you for 3 days
 - i. **Water is critical** (1 gal/day/person)... but so are your **meds!** (LifeStraw)
 - ii. See a suggested list at <https://bit.ly/3Cv7cNJ>
 1. Examples: Breakfast bars, jerky, dehydrated fruits, Peanut Butter, etc
 2. Shelf life: Canned and dehydrated food will last for 1-4 yrs; Assorted nuts will last for 12-18 months; Freeze dried food can last up to 20-25 years. MREs (<https://bit.ly/3aKUine>)
- e. Some general thoughts: 2 kits minimum (1 for home; 1 for each car); Rotate supplies each yr; If you have the space at your home, water barrels store multiple days' supply for multiple people; Refill your car's gas tank when it reaches **HALF FULL**; If you store some extra gas, use PRI-G or Sta-bil to stabilize the gas (PRI-G will 'rejuvenate' gas; Sta-bil will only stabilize fresh gas); If you have life-saving medical machinery (CPAP machine, oxygen machine, etc.) that requires power you might want to consider Battery powered version, Power Inverter or Generator
- f. Cellular networks are designed to only support **10% of the total subscribers in a given 'cell'**; they are **COMPLETELY** overloaded in a crisis situation; Instead of calling, send info via **Texts & Social Media**, or use apps like **WhatsApp & Signal** to communicate; Download **Zello** to use your cell phone like a walkie-talkie & first aid apps like **Red Cross First Aid & iTriage**
